## **APPENDIX A:** Maps of Fatal Collision Locations

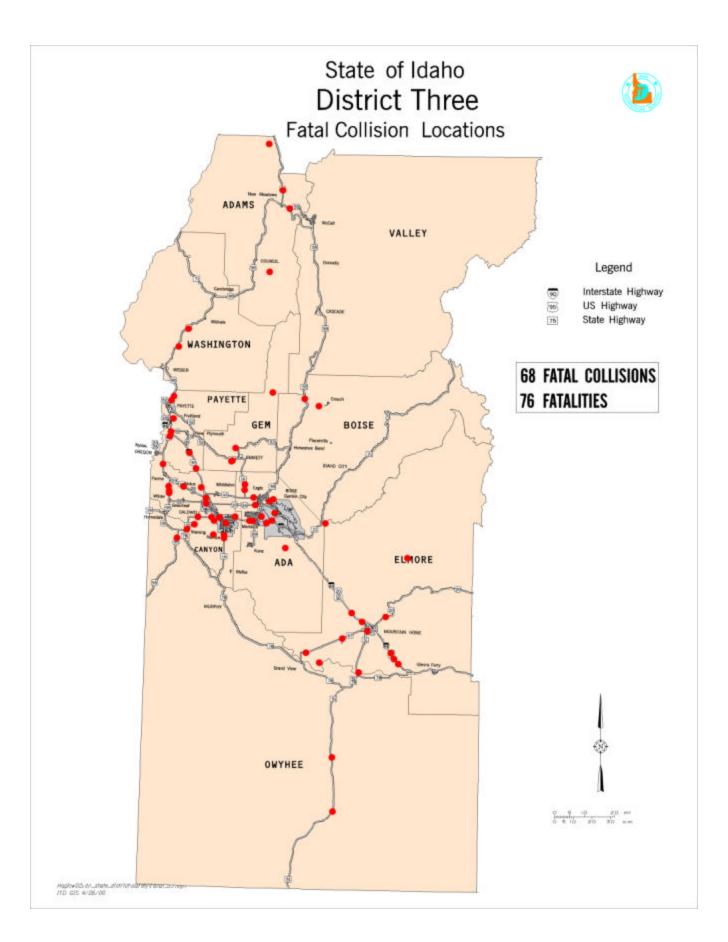

Each spot indicates the location of a fatal collision. The number of fatalities for each transportation district is also given. The maps are intended to give general locations of fatal collisions; the precise location cannot be determined from maps. For precise locations or for the number of collisions on a given roadway, please contact the Office of Highway Safety.

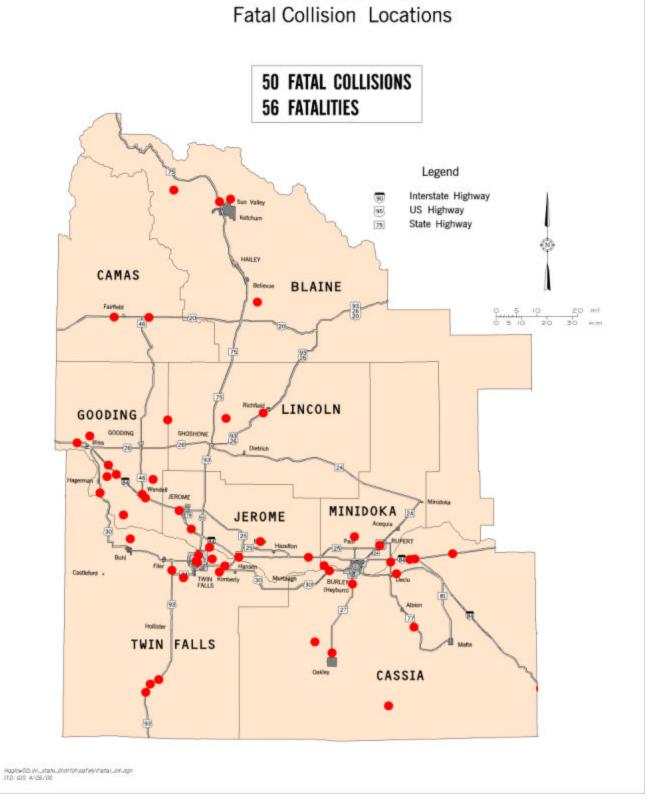

## State of Idaho District Four

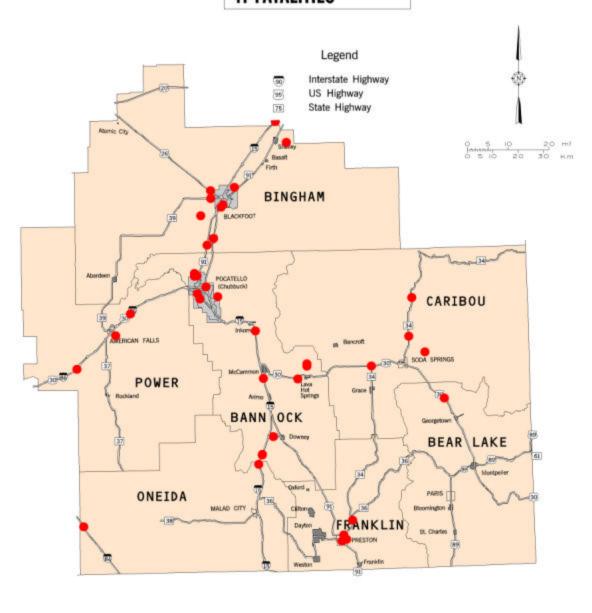

## State of Idaho District Five Fatal Collision Locations

## 38 FATAL COLLISIONS 41 FATALITIES
